

Join us in delivering energy efficiency and savings directly to Colorado families in need.

1 in 4 Coloradans struggle to afford their home energy costs. Together, we can ease the cost burden for more families by providing them with **FREE home energy conservation kits**

EACH KIT WILL PROVIDE A HOUSEHOLD WITH ENERGY EFFICIENCY ITEMS THAT CAN REDUCE THEIR ANNUAL UTILITY COSTS.

Energy Outreach Colorado invites you to join us as a sponsor of

AN ENERGY EFFICIENCY SERVICE EVENT HELD YEAR-ROUND.

There are a variety of sponsorship opportunities available! Most levels include energy conservation kits, the energy impact your sponsorship will have, as well as promotional opportunities for your brand.

Each participating sponsor can determine if they would like to pack their own kits or have them pre-packed and distributed to households in need.

Sponsorship Opportunities

Your sponsorship will not only support limited-income Colorado families by providing critical cost and energy savings but will support Energy Outreach Colorado's work to deliver quality energy to residents across Colorado.
